

BCX 2010

3130 N. Mitthoeffer Road Indianapolis, In 46235
800-968-6955 Phone: 317-899-6966 Fax: 317-899-6977

Front Load

Standard Change-Makers' new version of our Bill-&-Coin Exchanger series is now available with the Fujitsu™ Single Note bill dispenser. The new BCX2010 will provide more convenience for your customers in both attended and unattended locations. It features our exclusive Modular Series Smart Hopper technology with MDB serial interface that allows for easy upgrades and additional plug-&-play optional features.

The BCX2010 accepts higher denomination bills and dispenses a combination of lower denomination bills and coins or tokens. This allows customers to "break" their tens and twenties into a combination of either \$5 or \$1 bills and up to two different coins or tokens. They can use that change to add value to cards or use in your laundry, carwash, vending, amusement, parking or other coin-op businesses.

The single note Fujitsu dispenser holds from 750 (used/recycled) up to 1,000 (new/ATM-quality) bills inside Standard's solid-welded, heavy-duty steel cabinet - so your investment is secure. In addition, the steel coin hoppers hold up to 6,400 quarters (or tokens).

- Front Load configuration for Bill & Coin Exchange
- Pyramid™ APEX Bill Validator with 500 bill stacker (other acceptors available)
- Fujitsu™ Single Note Bill Dispenser - holds from 750 (used) up to 1,000

Height	Width	Depth	Shipping Weight	Changes
